

**Emma Pond** is a Senior Clinical Trial Coordinator, with a focus on neuroblastoma trials. She is based at the Cancer Research UK Clinical Trials Unit, University of Birmingham. Her trial expertise stretches from early to late phase trials as well as non-CTIMP trials. Emma is mostly involved with trial setup, trial opening and grant writing, however also has day-to-day trial management experience. She is currently a member of the NCR1 Children's Group's Neuroblastoma Committee and is in the first Solving Kids' Cancer UK funded trial management role dedicated specifically to neuroblastoma trials.
